29300 Valley Center Road  
Post Office Box 67  
Valley Center, CA 92082  
(760) 749-1600

**PROJECT TITLE:** Meadows Highline  
[Project No. 13-5678.78]

**PROJECT DESCRIPTION:** The project consists of construction of 160 LF of new 8" HDPE wastewater line and concrete encasement. The existing 8" PVC lies exposed on an existing rock slope. Contractor shall remove and replace existing line while bypassing wastewater flow through a separate pipeline between the two nearest manholes. Contractor shall demo existing rock(s) to allow for a straight alignment. No blasting shall be permitted. Contractor shall install concrete encasement or as directed by the District. Contractor shall make modification to manholes and repair interior lining. The existing 8" sewer line is a functioning/operational pipeline that must be bypassed during the day and night to continue to function without interruption during the construction of this project. The project is to be completed in 60 calendar days.
